## ACKNOWLEDGEMENT

The Mini project would not have been possible without the guidance, assistance, and suggestions of many individuals. I would like to express our deep sense of gratitude and indebtedness to each one who has helped me to make this project a success.

We heartily thank our beloved Principal, **Dr. B Sadashive Gowda** for his wholehearted support and for his kind permission to undergo the mini project.

We wish to express our deepest gratitude to **Dr. Ravi Kumar V**, Head of Department, Computer Science and Engineering, VVCE, for his constant encouragement and inspiration in taking up this mini project.

We gracefully thank our mini-project guides, **Ms. Kavya Rani S R and Mr. Rakesh K R**, Assistant Professors, Dept. of Computer Science and Engineering for their encouragement and advice throughout the course of the mini project work.

In the end, we are anxious to offer our sincere thanks to our family members and friends for their valuable suggestions and encouragement.

**BEDRE M SAMARTH (4VV19CS189)**

**MOHAMMED KAIF KHAN GHORI (4VV19CS190)**

## **ABSTRACT**

The purpose of the mini project “BAKERY MANAGEMENT SYSTEM” is to automate the existing manual system of maintaining records with the help of computerized equipment and software, fulfilling the necessary requirements, so that their valuable information is stored for a longer time which can be accessed easily and manipulated. The required hardware and software are easily available and easy to work with.

The project is aimed at providing the Bakery administrators/ owners / managers to provide a cost-effective Management System. Bakeries can have unique id and password for admin users. Bakeries can store information about their Employees and customers. Bakeries can keep track of product inventory. Bakeries can perform daily transactions and generate bills. Bakeries can keep track of their transaction history.
